CASA Members are part of our 'Community Service' Award-Winning Charitable Agency

CASA Members are appreciated because they choose to support CASA! (Annual dues help pay the enormous utility bills as well as help to support CASA's many programs and activities.)

It costs CASA more than \$1500 per day to provide vital services for you and our community! Despite ever-increasing costs, we work diligently to continue to provide high-quality services for the least possible cost to you.

Any help and support you can give is GREATLY appreciated!
